A personal note

Welcome home — in the truest sense of the word.

"Hosting you at Villa Sera is a privilege we take to heart. From this moment on, this home is yours — every corner, every detail, and every sunset over the Sea of Cortés is meant to help you feel exactly where you belong. My team and I are on call around the clock — from a hard-to-book table to a last-minute surprise. Just let us know."

Your private spaces

Each level has its own rhythm: terrace for sun, living room for gathering, suites for deep rest.

TERRACE LEVEL

Pool · Splash pad · Terrace

Infinity pool with views of the Sea of Cortés and the Arch. Outdoor dining for eight under colonial arches. Shallow splash pool for children. Charcoal grill station. Outdoor Sonos speakers.

MAIN LEVEL

Living · Kitchen · Bar

Double-height living room with panoramic ocean views. Full professional kitchen. Premium-stocked bar. 55" TCL smart TV with Fire TV Stick (live channels and streaming). Dining for eight. Minibar restocked daily.

SUITE LEVEL

Four private suites

Master suite with terrace and ocean view, king bed, marble tub, shower, and double vanity. Bedrooms 2 and 3 with queen beds. Bedroom 4 can be configured as twins. All suites have AC and en-suite baths.

ENTERTAINMENT

TV room · Gym

Media room with 55" TCL smart TV and great sound for groups. Gym with treadmill (always cover after use — sea air is hard on the deck), weights, and yoga mat.

LOWER LEVEL

Private beach

Stone stairs on the right side of the villa — guests only. Loungers, umbrella, and snorkel gear at the foot of the stairs. Freshwater rinse at the top landing.

Scheduled property access: Gardens: every Tuesday (outdoors only) · Pool and splash pad: every Friday · Deep clean: on request, \$60 USD, 24 hours' notice. We always let you know before anyone arrives.

WiFi, television & Fire TV

TVS (ALL 55" TCL SMART)

- **Main living room**

55" TCL smart · **Amazon Fire TV Stick** on HDMI (live TV + Netflix, Prime, YouTube, etc.) · TCL and Fire remotes on the coffee table

- **Master suite**

55" TCL smart · built-in apps (Netflix, YouTube, Prime...) · sign in with your account

- **Bedrooms 2 & 3**

55" TCL smart · built-in apps · sign in with your account

- **TV room**

55" TCL smart · great for series, movies, or sports with a group · remote by the sofa

LIVING ROOM — FIRE TV STICK (LIVE TV & APPS)

- 1 **Turn on the TCL and choose the Fire TV input**

With the TV remote, power on and select the **HDMI** input for the Fire TV Stick (often labeled "Fire TV" or HDMI1). If you see antenna/cable, switch sources until the Fire home screen appears.

- 2 **Use the Fire TV remote**

The small black remote controls the Stick. The **Home** button always returns to the main menu. If it is unresponsive, check batteries or point toward the TV.

- 3 **Watch live channels**

From the home screen, scroll to "**Your apps & channels**" or the app row. Open the **live TV / channel list** app (already set up). Wait for the guide to load — the first launch may take a few seconds.

- 4 **Browse channels**

Use the **directional pad** to choose a channel or category; press **OK** to watch. **Back** (←) goes up a level. If the picture freezes, hold **Home** and close the app, or unplug the Fire TV for 10 seconds and plug it back in.

- 5 **Netflix, Prime, YouTube...**

Open them from the Fire home or say "**Alexa, open Netflix**" on voice remotes. Use your own accounts where required.

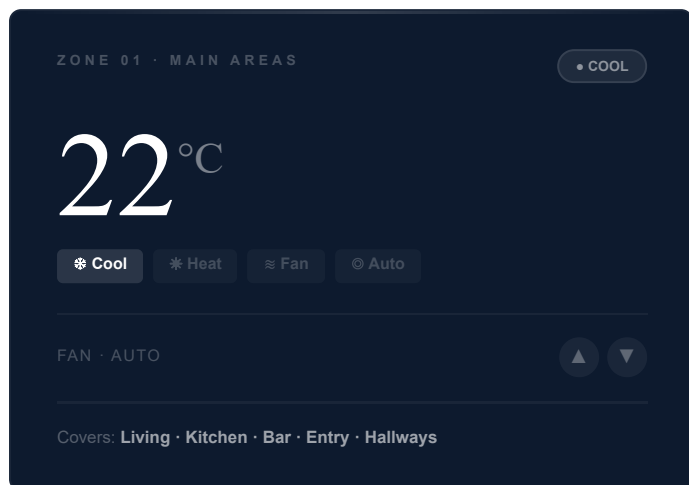

Other bedrooms (TCL smart): Use the TV remote for Netflix, YouTube, Prime, etc. If your phone and TV are on **VillaSera_Guest**, many TCL sets support **built-in Chromecast** or screen mirroring from your phone (varies by model).

WiFi issues? The router is in the living room cabinet. Unplug for 30 seconds, plug back in — it usually recovers in 1–2 minutes. If not, message Marlon.

Streaming accounts: Sign in to Netflix, Disney+, Prime, or others on each TV. Please **sign out** at check-out.

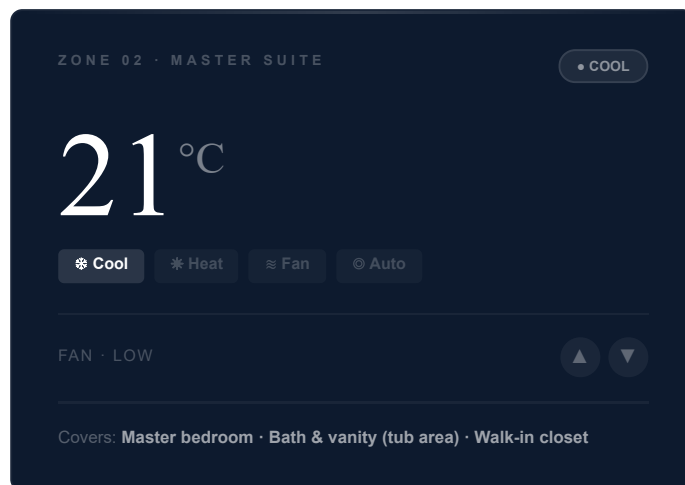

Air conditioning

DISPLAY A · BAR / SHARED SPACES

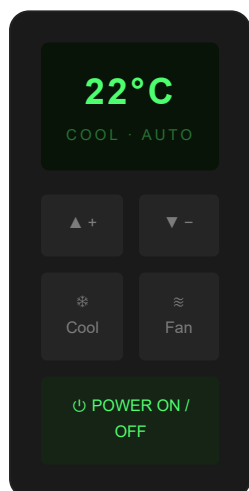

Located at the main bar. Suggested setpoint: **22°C**

DISPLAY B · MASTER SUITE

Touchscreen on the **wall to the right of the bed** (as you face the bed from the mattress). It controls the bedroom, the bath and vanity by the tub, and the walk-in. For sleep: **21°C**

KITCHEN ZONE — STANDALONE REMOTE

Gray remote on the **left side of the bar**. Works independently from the main touchscreens.

- 1 Pick up the gray remote on the left side of the bar
- 2 Press the green power button
- 3 Adjust with — aim toward the wall unit

ROOM MINI-SPLITS

- **Bedroom 2:** White remote on nightstand. Indoor unit above the bed. Suggested: 22–24°C.
- **Bedroom 3:** White remote on nightstand. Indoor unit above the closet. Same operation.
- **Bedroom 4:** Remote in nightstand drawer. Press MODE until appears for cooling.
- **TV room:** Remote on hook by the door. Indoor unit above the media wall.
- Spare batteries in the kitchen drawer. Always aim the remote at the indoor unit.
- Please **turn AC off** when you leave a room or the villa.

Sonos — music throughout the villa

THREE STEPS TO FILL THE HOUSE WITH MUSIC

- 1 **Download the Sonos app**
Free on the App Store and Google Play — scan the QR for your store below. Already have it? Skip to step 2.
- 2 **Join VillaSera_Guest**
Your phone must be on the same WiFi as the speakers. The app discovers every zone automatically.
- 3 **Pick rooms and play**
Select one room or group several. Adjust volume per zone. Play from Spotify, Apple Music, Tidal, and more.

GET THE APP — SCAN WITH YOUR CAMERA

APP STORE · IPHONE / IPAD

GOOGLE PLAY · ANDROID

WHERE THE SPEAKERS LIVE

- **Main terrace & pool**
Weather-resistant outdoor speakers. At ~50% volume they carry beautifully across the terrace.
- **Living room**
Full stereo pair — also works as a TV sound source via AirPlay.
- **Master suite**
Bedside speaker — perfect for ambience and sleep playlists.
- **Kitchen & dining**
Ideal for cooking and long dinners — grouped with the living room by default.

NO APP NEEDED — AIRPLAY DIRECTLY

- 1 **Open Spotify or Apple Music**
Confirm you are on the VillaSera_Guest WiFi.
- 2 **Tap the AirPlay icon**
The triangle with circles in Spotify, or the speaker icon in Apple Music.
- 3 **Choose a Villa Sera speaker**
Select Terrace, Living, or any room — audio starts immediately.

A LITTLE EXTRA

Ask Marlon for the Villa Sera Spotify playlist — tuned for terrace sunsets, slow mornings by the pool, and evenings facing the Sea of Cortés. Prefer the beach? Cecilia can arrange portable Bluetooth speakers.

Treadmill — use & care

Run with an ocean view — please always cover the belt after your session so sea air cannot wear it down.

⚠ **Important — protective cover:** Salt air damages the belt and rails. **Always replace the cover when the treadmill is not in use.** This protects the equipment for every guest who follows you.

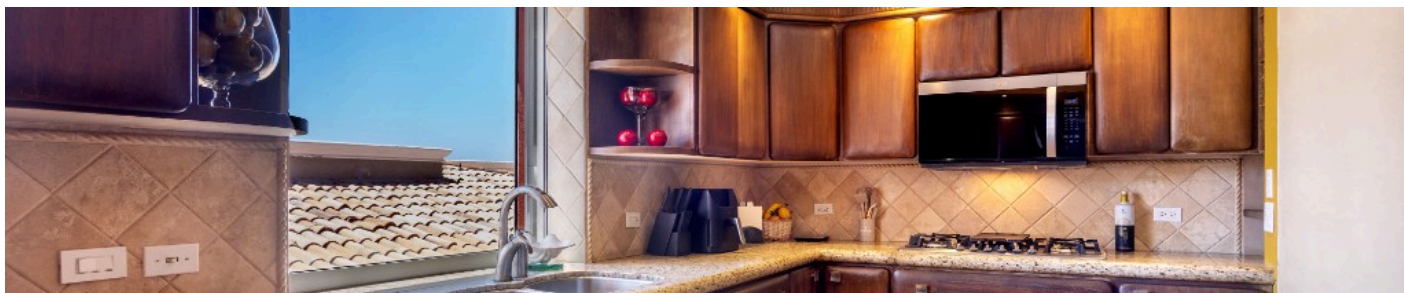

BEFORE YOU START

- 1 **Remove the cover**
Lift the protective cover, fold it, and set it on the shelf or to the side.
- 2 **Power on at the console**
Press the main power button — the display wakes in 2–3 seconds.
- 3 **Attach the safety clip**
Clip the red emergency stop to your clothing — if you slip, the belt stops automatically.
- 4 **Use the controls**
Start/Stop to begin and end · ▲ ▼ for speed · Incline for grade. Labels are printed on the console.

AFTER YOUR WORKOUT — REQUIRED

- 1 **Power down**
Press Stop, then power off. Wait until the belt fully stops.
- 2 **Mist with cleaner**
Use the spray bottle with the villa formula (on the shelf). Lightly mist the belt and side rails to lift sweat and salt.
- 3 **Wipe down**
Wipe belt and rails with the cloth provided. Let it air for one minute.
- 4 **Replace the cover**
Always cover the treadmill when finished. Sea mist works invisibly — it will shorten belt life if skipped.

Appliances & kitchen

- **Nespresso coffee machine**

On the counter. Capsules in the basket beside it. Choose the button for your cup size. Milk frother nearby — perfect for lattes and cappuccinos.

- **Automatic ice maker**

Next to the refrigerator. It refills on its own. Scoop on top. Allow ~30 minutes to refill after heavy use.

- **Professional blender**

Below the counter — second cabinet from the left. Great for smoothies and cocktails. Rinse and return after use.

- **Refrigerator & minibar**

Stocked with water, juice, soft drinks, and beer. Minibar restocked daily. More beverages in the pantry — help yourself.

- **Dishwasher**

Tablets under the sink. Load → close → Normal cycle → Start. About one hour.

- **Trash & recycling**

Three bins under the island: general, organic, recyclables. Pickup Mon/Wed/Fri. Line outdoor cans with black bags (under sink) — no bag, no pickup.

- **Drinking water**

Tap water is not for drinking. Use the filtered water dispenser or bottled water. The jug is refilled every two days — tell Cecilia if you run out sooner.

- **Laundry**

Washer and dryer in the service room. Detergent on the upper shelf. Cecilia can run loads — just ask in advance.

Grocery runs: Send your list to Marlon — we stock the villa before you arrive or during your stay. Charged at cost with receipts.

How to use the charcoal grill

Weber charcoal grill with chimney starter

On the main terrace. Charcoal, chimney, tongs, and lighter are in the grill cabinet. The chimney makes lighting easy and safe — never use liquid accelerant.

TEMPERATURE GUIDE

HIGH 230°C+ Steaks & burgers	MED-HIGH 180°C Chicken & fish
MEDIUM 150°C Ribs & pork	LOW 120°C Slow BBQ

LIGHTING THE GRILL — 7 STEPS

- 1 Fill the chimney $\frac{3}{4}$ with charcoal**
Bags live in the grill cabinet. Do not overfill.
- 2 Add starters underneath**
1–2 natural wax cubes below the chimney grate. Never use lighter fluid.
- 3 Set the chimney on the grill**
Open all vents for airflow.
- 4 Light the starters**
Use the long lighter through the lower vents — hands stay clear.
- 5 Wait 15–20 minutes**
Ready when the top coals glow orange with a light gray ash. Do not rush this step.
- 6 Pour and spread**
Wear heat gloves. Tip the chimney, spread evenly with tongs, then add the cooking grate.
- 7 Preheat 5 minutes — cook**
Brush the grate while hot — you are ready.

⚠ Safety: No lighter fluid. Close vents to extinguish coals. Wait ~2 hours before handling ash. Fire extinguisher: kitchen cabinet, lower left compartment.

CLEANUP AFTER GRILLING

- Brush the grate while it is still warm — cold grease is much harder to remove
- Close all vents to snuff the coals
- Let everything cool completely (1–2 hours) before moving ash
- Dispose of cold ash in the metal bucket beside the grill — never plastic bags

Pool, splash pad & private beach

INFINITY POOL

1.2m–1.8m depth

- Towels in the cabinet beside the outdoor shower
- Lights come on automatically at dusk
- No diving — pool is not heated
- No glass poolside — plastic cups provided
- Keep the gate closed when children are nearby

Service: every Friday

SPLASH PAD (KIDS)

Shallow water · wading

- Designed for children — a responsible adult should always supervise
- Not for swimming or diving — no running on wet edges
- Plastic toys and floats are welcome — still no glass
- Same outdoor zone as the pool: keep the gate closed for little ones
- If the water looks cloudy or the pump sounds off, tell Marlon or housekeeping

Service: every Friday

PRIVATE BEACH

Guests only

- Stone stairs on the right side of the villa
- Loungers, umbrella, and snorkel gear at the base
- Freshwater rinse at the top of the stairs
- The beach is private — kindly direct visitors to the nearby public beach
- Ask Marlon about surf conditions whenever you are unsure
